STEP -3.1

1. The land parcel would be available on map.
2. Plots can be searched by various parameters by advance search e.g. Regional Office, Industrial Area, District etc.

The screenshot displays the MPIDC website's search interface. The top navigation bar includes links for Home, Pre-Booking / Undeveloped E.O.I., Plots Available for E.O.I., Information, Contact Us, Login, and Register. The MPIDC logo and name are in the top right corner. A red banner at the top right reads "Notice regarding land rates of Industrial Area".

The search interface is divided into two main sections: a search filter panel on the left and a results panel on the right. The search filter panel includes options for Basic Search and Advance Search. The Advance Search section has dropdown menus for District and Industrial Area, a Plot Status section with radio buttons for Vacant, For EOI (selected), and Booked, and a Plot Type section with radio buttons for Industrial Plot (selected), Warehouse, Residential Plot, and Commercial Plot. The Plot Size section has radio buttons for 0-1000 SQMT, 1001-5000 SQMT, 5001-10000 SQMT, and > 10000 SQMT. A Search button and a Reset button are at the bottom of the filter panel.

The results panel shows a map of Jaipur on the left and a list of industrial areas on the right. The list includes two entries: ACHARPURA TEXTILE PARK in Bhopal (163 Total Plots) and BADI AKHEDI in Bhopal (141 Total Plots). The ACHARPURA TEXTILE PARK entry has a "View Plots" button highlighted with a red box. Below the list is a table of plots with columns for Plot No, Plot Type, Plot Sector, Plot Area (SQMT.), Land Use, and Plot Status. The table shows three plots: 28C, 28A, and 40, all of which are Industrial plots with an area of 1035, 1035, and 1829 SQMT. respectively, and a status of EOI. Each plot entry has a "Get Booking Amount" button and a "Submit EOI" button. A "4 Plots" badge is visible in the top right corner of the table area.
