PREFACE

Over the last decade, Madhya Pradesh has witnessed a radical socio-economic transformation attributable to the stable government, supplemented by robust industrial infrastructure. Madhya Pradesh is the only diamond producing state of India, bestowed with rich natural resources, 11 agro-climatic zones, and fertile land. The state has large reserves of Copper, Manganese, Rock phosphate, limestone, and coal with more than 35% of proven Coal Bed Methane reserves of India.

Madhya Pradesh offers excellent industrial ecosystem with availability of skilled manpower, peaceful working environment duly supported by competitive industrial policy along with sector specific incentive packages. The state has been categorised among 'achievers' category in Ease of Doing Business ranking conducted by Department for Promotion of Industry and Internal Trade, GoI.

Madhya Pradesh is known as the food basket of India and host 10 Food Parks and 5 Agri-export zones. The abundance of raw material including organic cotton, skilled workforce and attractive policies has created favourable ecosystem for Textile & Garment industry. Madhya Pradesh has 10+ OEMs with more than 3000+ industries making it an Automobile & Engineering hub of central India. With the presence of 280+ generic drug manufacturers and upcoming medical device park makes the state a prominent Pharma centre of the country. Madhya Pradesh is the cleanest state and offers ease of living, thereby providing conducive ecosystem for IT/ ITeS and ESDM sector.

This document showcases the existing industrial landscape of the state. It covers information of prominent industries, products, investments, and employment generated, amongst other details. The compilation has been designed to provide information to investors which can help in strategic partnerships in form of Joint Ventures, Anchor-Vendor or Buyer-Seller relationships. For any further clarifications please reach out to MPIDC at facilitation@mpidc.co.in
