Details of Required Export Clearances

1. Certificate of Origin (CoO):

- Certificate of Origin is an instrument which establishes evidence on origin of goods imported into any country. These certificates are essential for exporters to prove where their goods come from and therefore stake their claim to whatever benefits goods of Indian origin may be eligible for in the country of exports.
- As of 2023, Certificates of Origin (CoO) for Preferential Trade Agreements, FTA, Comprehensive Economic Cooperation Agreements, and Comprehensive Economic Partnerships Agreements are issued [designated agencies](#)
- **Non-Preferential Certificate:**
 - ✓ An exporter is also required to register with the Indian Chamber of Commerce (ICC), which issues the Non-Preferential Certificates of Origin certifying that the exported goods are originated in India.
 - ✓ Government have also nominated certain agencies to issue Non-Preferential Certificate of Origin in accordance with Article II of International Convention Relating to simplification of Customs formalities,1923. These Certificate of Origins evidence origin of goods and do not bestow any right to preferential tariffs.

2. Inspection Certificate:

- This document certifies that the concerned products/goods were in good condition immediately prior to the shipment. The Certificate of Inspection is a report of findings and is required by some importers or importing countries.

3. Pre-Shipment Inspection certificate:

- A pre shipment inspection certificate is a trade document issued by an independent inspection agency and is always stated in the sales contract or letter of credit.
